Dr. D. W. Colvard, President,
Mississippi State University,
Starkville, Mississippi.

Dear Dr. Colvard:

C O N G R A T U L A T I O N S !

You may be sure that a very large majority of the progressive and sane thinking people of Starkville not only approve of your action in approving the sending of the University Basketball team to the NCAA tournament, but of your entire administration of Mississippi State since you became President.

You may remember me as the friend of Andy Holt who was introduced to you the night Andy address the graduating class.

With every good wish, I am

Yours sincerely,

Harry Williamson
